Per-and polyfluoroalkyl Substances (PFAS)

As supplier of LED lighting systems, EFFILUX has carried out an inventory of the substances used in the manufacture of its products.

The assessment is based on:

- the Environmental Protection Agency (EPA) U.S. Toxic Substances Control Act (TSCA) Inventory,
- the EU Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) Registry,
- The Stockholm Convention on Persistent Organic Pollutants (POPs).

Based on the declarations of our suppliers and to the best of our knowledge, we can hereby certify that our products do not contain:

- Perfluoro-Carboxylic acids, their salts and derivatives like, such as and not limited to:
 - PFOA – Perfluorooctanoique acid, its salts and related substances
 - PFHxA – Undecafluorohexanoic acid, its salts and related substances
- Perfluoro-Carboxylic sulfonic acids, their salts and derivatives like, such as and not limited to
 - PFOS – Perfluorooctanesulfonic acid, its salts and related substances
 - PFHxS – Perfluorohexanesulfonic acid, its slats and related substances
